Non-Powered Workstation

The MITCart is a beautifully engineered and elegant medical cart, which is extremely light and versatile. It occupies a minimal footprint with fully integrated cable management for non-cluttered work space, helping to maximise the effectiveness of the working environment while keeping it clean.

It has both 5 wheel star base or 4 wheel base options for different applications, offering an ergonomic solution for a fast paced healthcare environment. For complete mobility, the solution can be fitted with our award winning Geni-Tec Power solution, for “hot-swappable” battery replacement for continuous uninterrupted use.
